

## Together We Can!

You ask, what can we do? I say, we can accomplish all our goals when we work together. Each of us brings a unique piece to make our Kansas Council a success. While the outcome of true teamwork can be sweet, often what we cherish the most is the journey, rich with friendships and inner growth. I ask for your support, ideas and teamwork in helping to make Kansas strong.

Together We Can put  
Kansas on the Map!
